Signature of the passenger

Signature of Medical  
Officer on duty

Signature of  
Immigration Officer

## PART B

### IMPORTANT INFORMATION TO PASSENGERS:

- Government of India would be conducting entry screening for all passengers travelling to India from countries\* reporting human cases of Influenza A [H1N1].
- If you are travelling from/transiting a country\* reporting human cases of Influenza A [H1N1] and develop fever with cough at the time of embarkation, consider cancellation of the trip.
- If you develop fever and cough during a flight, inform the cabin attendant immediately.
  - The cabin staff would provide you with a mask. Please ensure that it is worn properly and covers your mouth and nose.
  - Airhostesses would also provide masks to all those passengers sitting in the same row, three rows in front and three rows behind.
  - At the time of disembarkation, before immigration check, a doctor would attend on you. Please answer his/her questions.
  - You may be detained at the airport quarantine for observation or admitted to a specified hospital for medical care.
  - You would be released from health quarantine after the laboratory tests are found negative. In case the reports confirm Influenza A [H1N1], you will be treated with WHO recommended drug.

Turn over for easy ways to  
protect yourself and your family  
from Influenza A [H1N1].
